

EYFS Home learning project Spring 2 2021

Construction challenge!

- **Do some research on different famous buildings.** You could look at the pictures on Tapestry for inspiration.

- **Draw a plan for your own building.** You could add labels showing the different features like the roof, turrets, windows and doors.

- **Make a representation of your building.** You could use duplo, lego, blocks, magnetics, junk modelling - be creative!

- **Look back at your original plan.**

Did you adapt your model from the plan? What did you change?

Don't forget to upload your finished project to Tapestry for us to see!
