

# Year 1 home learning project – due back by 19<sup>th</sup> March

We would like you to pick **one** item from the menu to complete at home. Once complete take a photo or video and send it to your class email. We will print the photos in school and children will share their creations with the rest of the class.

## Science - Plants

Go for a walk and see how many different flowers you can find. you could draw them or take photographs.  
Can you find out the names of any of them?  
Can you find all the colours of the rainbow?

## D&T -insect hotel

With the flowers and trees showing us all the wonderful signs of spring, it's time to think about the insects that help them to grow.  
Build your own insect hotel for your garden using recycled materials.

## Geography - 7 continents

If you could go anywhere in the world where would you go? Pick one of the 7 continents that we have been learning about, and create a poster.  
What is the weather like?  
What food might you eat?  
Which countries could you visit?  
What animals might you see?  
Are there any famous places to visit?

## Maths - counting in 2s, 5s, 10s

Draw around your family's hands and feet or print them with paint.  
How many hands are there?  
How many fingers?  
How many feet?  
How many toes?  
Whose are the biggest?  
Whose are the smallest?
