17 November 2021

Dear Parents/Carers

Can we just remind you that if your child displays any of the 3 classic symptoms of COVID:

- **A new, continuous cough – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours**
- **Temperature**
- **Loss of taste or smell**

then we will ask you to take a PCR test and collect them, if at school.

In addition:

- **Upset stomach (sickness & diarrhoea)**
- **Headache**
- **Unusual fatigue**

can be symptoms of COVID in children. Whilst these are not classic signs of COVID, **we strongly recommend a PCR test** if your child develops any of these symptoms.

Thank you for your support with this

Kind regards

**Theresa Thornton**  
**Headteacher**
